OFF – F 033  
DATE: 31-01-2022

## C I R C U L A R

It has come to the notice of the undersigned that a few memes/fake circulars using our college logo, name, buildings and even the signature of the principal are being circulated on social media. We understand that the creators of these memes/circulars are treating it as fun, but they need to understand that using of college name, logo, and photos/videos of college buildings is illegal. The usage of principal's signature on fake circulars is considered as forgery which is an offence punishable by law.

In this context, we request you not to indulge in such illegal and unwarranted activities and defame the college name. You are instructed neither to create such stuff nor to circulate the same.

If anyone is found creating or circulating such material causing bad reputation to the college, he/she will be punished as per college norms and law of the land, as the case may be.

  
(Dr K. Srinivas)  
Principal
