

ICTACADEMY

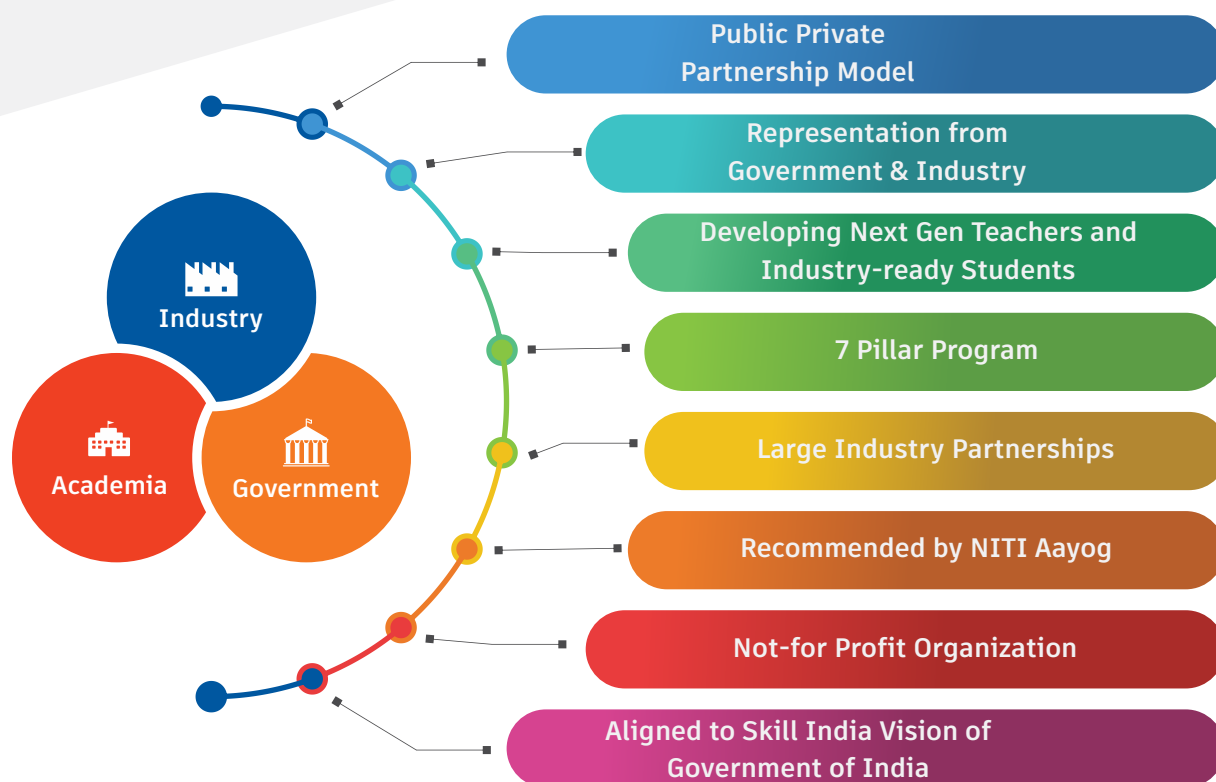

CREATING NEW GENERATION TALENT POOL

About ICT Academy

ICT Academy is an initiative of the Government of India in collaboration with the State Governments and Industry. ICT Academy is a not-for-profit organization, the first of its kind venture under the Public-Private-Partnership model that endeavors to train the higher education teachers and students thereby exercises developing the next generation teachers and industry ready students. ICT Academy was started to meet the skill requirements of the industry and generate more employment especially in tier II and III parts of the country. The organization was formed with representations from Government and Industry. With training of teachers and students as the primary objective, ICT Academy has been working through a seven pillar program in the areas of Faculty Development, Skill Development, Entrepreneurship Development, Youth Empowerment, Industry-Institute Interaction, Digital Empowerment and Research & Publications.

ICT Academy is continuously striving on every aspect to provide a holistic service to every stakeholder of the education ecosystem in developing the next generation of talent pool in India to make them industry-ready employees, innovators, entrepreneurs and leaders. ICT Academy is endorsed and recommended by NITI Aayog (National Institution for Transforming India Aayog), the National Planning body of Government of India as one of the unique organizations for dissemination and replication, which is aligned to the Skill India Vision of the Government of India. Through its various initiatives, ICT Academy has been part of strengthening the India's four important visions namely Skill India, Digital India, Startup India and Make in India We collaborate with public and private organizations to create, integrate and disseminate knowledge in the field of ICT to bridge the gap between academic output and industry requirements thus providing every learner an equal opportunity to become industry-ready.
