Dr. M.H.M. Krishna Prasad, Director Academic Planning, advised that the regulations should be framed strictly in alignment with JNTUK guidelines. He suggested that it is appropriate to impose restrictions such as a minimum CGPA of 7.0 and no supplementary appearance for the Honors Degree, both at the time of registration and for the award of the degree. However, for the Minor Degree, he recommended that a minimum CGPA (e.g., 6.5) may be applied only at the time of registration, and there should not be any restriction on CGPA or supplementary appearance at the time of awarding the Minor Degree.

Resolution: The Academic Council approved the B.Tech Honors and Minor Degree Regulations under MIC23, to be implemented from the Academic Year 2025–26. The Council

resolved that the Honors Degree shall have a minimum CGPA of 7.0 and no supplementary appearance both at the time of registration and for the award of the degree. For the Minor Degree, a minimum CGPA of 6.5 shall be applicable only at the time of registration, and no restriction shall be imposed on CGPA or supplementary appearance at the time of award. The Council further instructed that all regulations be framed strictly in accordance with the guidelines issued by JNTUK.

AC/MIC23/11/06	To consider & Approve the Amendment regarding MOOC.
-----------------------	---

Proposal: The Amendment regarding MOOC Evaluation for B.Tech students under MIC23 regulations is placed before the Academic Council for its approval.

Discussion: The chairperson has presented the following to the Academic Council regarding MOOC evaluation.

- As per MIC23 Academic Regulations, students are required to complete one open elective course through MOOCs.
- As an amendment, it is proposed to consider and complete any one Professional Elective course through MOOC offered by NPTEL/SWAYAM.
- After successful completion, the total marks or percentage of marks obtained by the student are converted into letter grades as per the following:

Marks /Percentage Range	Level	Letter Grade	Grade Point
90 & above	Superior	S	10
80 to 89	Excellent	A	9
70 to 79	Very Good	B	8
60 to 69	Good	C	7
50 to 59	Average	D	6
40 to 49	Pass	E	5
<40	Fail	F	0
-	Absent	AB	0

- In case a student is unable to obtain the MOOC certificate, and if the equivalent course is not available on NPTEL/SWAYAM in the subsequent semester, it is proposed to conduct an external examination by the college.

Dr. M.H.M. Krishna Prasad, Director Academic Planning, made the following key recommendations:

- Colleges should not conduct external examinations for students who fail to obtain a MOOC certificate.

- Instead, students may be permitted to register for the MOOC course one semester in advance (e.g., a 6th semester course may be taken in the 5th semester), subject to its availability. If the same course is not offered, they may register for an alternative equivalent course recommended by the BoS.
- He also recommended the completion of any one Professional Elective through MOOC.
- Additionally, to encourage students to engage with MOOC platforms and enhance self-directed learning, it was suggested that the assignment component (5 marks) in the internal assessment of regular theory courses may be awarded based on NPTEL assignment performance, wherever applicable. This approach also supports the fulfillment of the 42-hour self-learning requirement, in line with the recommendations of NEP 2020.

Resolution: The Academic Council approved the proposed amendment under MIC23 regulations, permitting students to complete any one Professional Elective course through MOOC platforms such as NPTEL/SWAYAM, subject to approval by the respective BoS. The Council resolved that, if a student is unable to obtain MOOC certification, the college shall not conduct an external examination as a substitute. Instead, students may be permitted to register for the MOOC course one semester in advance. If the same course is not available, they may opt for an equivalent course recommended by the Board of Studies (BoS).

AC/MIC23/11/07	Approval of the academic calendars for B. Tech., M. Tech., MCA and MBA for the A.Y. 2025-26
-----------------------	---
